

How is my carbon footprint?

Science Hack - 2019

Problem

- Employees at WACKER are unaware of their carbon footprint
- No available data of work-related activities from WACKER Employees
- How to bring sustainability closer to WACKER Employees

Our Solution

A web-app tool which estimates carbon footprints base on work-related activities

“knowing my carbon footprint for a greener future”

Product

Easy-to-Use

Traceability

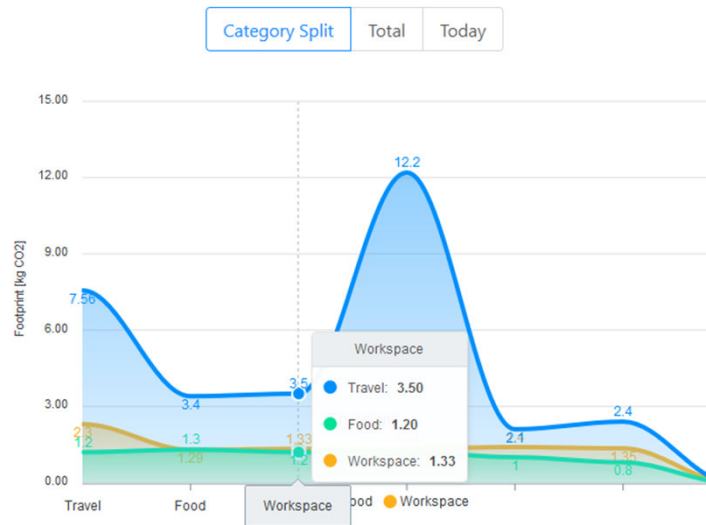

Awareness

Reward

CO₂-Tracker

Tip

Did you know that 1 kg of beef causes 100 times more carbon dioxide emissions than the same amount of veggies?

Travel Food Workspace

Commute

How far do you commute to work? 20 km

How do you commute to work?

Car Foot/Bike Motorbike Public transport

Size: small medium large

Age: old middle-aged new

Type of drive: Gas Diesel Hybrid Electric

Additional passengers: 0
